Earth, air, and water converge at the coast, as do two billion people on our planet. The pressure on our ocean is enormous. So are the opportunities for your future.

Each fall, the Friends of Long Marine Lab, in conjunction with Gary Griggs, Director, Institute of Marine Sciences, host an open competition for Student Research and Education Monetary Awards.

YOU can apply.

Deadline for Application: Thursday, November 19, 2015

INFORMATION/GUIDELINES: seymourcenter.ucsc.edu

The Friends of Long Marine Lab are dedicated to supporting and promoting the Seymour Marine Discovery Center at Long Marine Laboratory. This community support group also facilitates these Student Research and Education Awards.
